

BOULDER FUNDS

# ANNUAL REPORT

November 30, 2020 | NYSE: BIF

## **Distribution Policy**

### **November 30, 2020 (Unaudited)**

Boulder Growth & Income Fund, Inc. (the “Fund”), acting pursuant to a Securities and Exchange Commission exemptive order and with the approval of the Fund’s Board of Directors (the “Board”), has adopted a plan, consistent with its investment objectives and policies to support a level distribution of income, capital gains and/or return of capital (the “Plan”). In accordance with the Plan, the Fund began distributing \$0.033 per share on a monthly basis in November 2015. Subsequently, on November 10, 2016 the Board announced an increase in the monthly distribution to \$0.034 per share. On November 8, 2018, the Fund announced a change in frequency of distributions made under the Fund’s managed distribution program from monthly to quarterly. The Fund’s quarterly distribution is \$0.102 per share. The fixed amount distributed per share is subject to change at the discretion of the Fund’s Board. Under the Plan, the Fund will typically distribute most or all of its available investment income to its stockholders, consistent with its primary investment objectives and as required by the Internal Revenue Code of 1986, as amended (the “Code”). The Fund may also distribute long-term capital gains and short-term capital gains and return of capital to stockholders in order to maintain a level distribution. Each quarterly distribution to stockholders is expected to be at the fixed amount established by the Board, except for extraordinary distributions and potential distribution rate increases or decreases to enable the Fund to comply with the distribution requirements imposed by the Code. Stockholders should not draw any conclusions about the Fund’s investment performance from the amount of these distributions or from the terms of the Plan. The Fund’s total return performance on net asset value is presented in its financial highlights table. The Board may amend, suspend or terminate the Fund’s Plan without prior notice if it deems such action to be in the best interest of the Fund or its stockholders. The suspension or termination of the Plan could have the effect of creating a trading discount (if the Fund’s stock is trading at or above net asset value) or widening an existing trading discount. The Fund is subject to risks that could have an adverse impact on its ability to maintain level distributions. Examples of potential risks include, but are not limited to, economic downturns impacting the markets, investments in foreign securities, foreign currency fluctuations and changes in the Code. Please refer to the Fund’s prospectus for a more complete description of its risks.

Beginning on January 1, 2021, as permitted by regulations adopted by the U.S. Securities and Exchange Commission, paper copies of the Fund's annual and semi-annual shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports. Instead, the reports will be made available on the Fund's website [www.bouldercef.com](http://www.bouldercef.com), and you will be notified by mail each time a report is posted and provided with a website link to access the report.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. You may elect to receive shareholder reports and other communications from the Fund electronically anytime by contacting your financial intermediary (such as a broker-dealer or bank) or, if you are a direct investor, by contacting the Fund directly at 866 228 4853.

You may elect to receive all future reports in paper free of charge. If you invest through a financial intermediary, you can contact your financial intermediary to request that you continue to receive paper copies of your shareholder reports. If you invest directly with the Fund, you can call 866 228 4853 to let the Fund know you wish to continue receiving paper copies of your shareholder reports. Your election to receive reports in paper will apply to all funds held in your account if you invest through your financial intermediary.

November 30, 2020 (Unaudited)

## Annual Update:

The Boulder Growth & Income Fund, Inc. (the “Fund”) generated a return of 2.0% on net assets in the twelve-month period ended November 30, 2020 (the “period”). This performance lagged the S&P 500 Index which returned 17.5%, the Dow Jones Industrial Average (“DJIA”) which returned 8.1%, and the NASDAQ Composite which returned 42.1% during the same period. The Fund outperformed the Morningstar US Large Value Index, which returned -1.8% during the same period. More detail on various holding period returns can be found in the table below.

The Fund has outperformed the Morningstar US Large Value Index on an annualized net assets basis since affiliates of Rocky Mountain Advisers, LLC (“RMA”) became investment advisers to the Fund in January of 2002. However, the Fund has underperformed the S&P 500 Index, the DJIA and the NASDAQ Composite on an annualized net assets basis during this same timeframe.

On a market price basis, the Fund returned -0.5% for the period, underperforming the Fund’s return performance on a NAV basis of 2.0%. The underperformance was due to a widening of the discount of the Fund’s share price relative to its net asset value (the “discount”) over the period. At the beginning of the period the discount was -15.9% and at the end of the period the discount was -17.9%.

	3 Months	6 Months	One Year	Three Years*	Five Years*	Ten Years*	Since January 2002**
BIF (NAV)	7.7%	16.4%	2.0%	5.1%	10.6%	10.1%	7.1%
BIF (Market)	7.7%	14.7%	-0.5%	4.2%	11.7%	10.0%	6.9%
S&P 500 Index†	3.9%	20.0%	17.5%	13.2%	14.0%	14.2%	8.6%
DJIA††	4.8%	18.0%	8.1%	9.4%	13.5%	13.2%	8.6%
NASDAQ Composite†††	3.8%	29.1%	42.1%	22.3%	20.3%	18.5%	11.3%
Morningstar US Large Value ††††	8.0%	12.9%	-1.8%	5.0%	9.0%	10.4%	6.7%

\* Average annual.

\*\* Annualized since January 2002, when affiliates of RMA became investment advisers to the Fund. Does not include the effect of dilution on non-participating stockholders from the December 2002 rights offering.

† The S&P 500 Index is widely regarded as the best single gauge of large-cap U.S. equities. There is over USD 11.2 trillion indexed or benchmarked to the index, with indexed assets comprising approximately USD 4.6 trillion of this total. The index includes 500 leading companies and captures approximately 80% coverage of available market capitalization.

†† The Dow Jones Industrial Average (DJIA), is a price-weighted measure of 30 U.S. blue-chip companies. The index covers all industries except transportation and utilities.

††† The NASDAQ Composite Index includes all domestic and international based common type stocks listed on The NASDAQ Stock Market. The NASDAQ Composite Index is a broad-based Index.

†††† The Morningstar US Large Value Index measures the performance of US large-cap stocks with relatively low prices given anticipated per-share earnings, book value, cash flow, sales and dividends. This Index does not incorporate Environment, Social, or Governance (ESG) criteria.

The performance data quoted represents past performance. Past performance is no guarantee of future results. Fund returns include reinvested dividends and distributions, but do not reflect the reduction resulting from taxes a stockholder would pay on Fund distributions or the sale of Fund shares and do not reflect brokerage commissions, if any. Returns of the S&P 500 Index, the DJIA, the NASDAQ Composite and the Morningstar US Large Value Index include reinvested dividends and distributions, but do not reflect the effect of commissions, expenses or taxes, as applicable. You cannot invest directly in any of these indices. The investment return and the principal value of an investment will fluctuate and shares, if

November 30, 2020 (Unaudited)

*sold, may be worth more or less than their original cost. Current performance may be lower or higher than the performance data quoted.*

The Fund has chosen the Morningstar US Large Value Index as a replacement benchmark to the NASDAQ Composite. In our opinion, the Fund's holding and investment strategy more closely relate to the Morningstar US Large Value Index, which holds large capitalization value investments, than the NASDAQ Composite which has a high concentration in technology investments. We will continue to report on both indices for one year. Then, next year, you can expect to see the Morningstar US Large Value Index in place of the NASDAQ Composite.

The largest contributors to performance during the period were Berkshire Hathaway, Inc. (BRK/A & BRK/B) contributing 1.70% and Caterpillar Inc. (CAT) contributing 1.26% to the total return on net assets. The largest detractors to performance during the period were Wells Fargo & Co. (WFC) detracting -3.00% and JPMorgan Chase & Co. (JPM) detracting -0.77% to the total return on net assets. During the period, positions were reduced in Caterpillar Inc. (CAT) and Walmart, Inc. (WMT). The full positions in Heineken NV (HEIA), Viatrix Inc. (VTRS), South Street Securities, and MidCountry Financial were sold. During the period, the Fund purchased additional shares of American Express Co. (AXP), Cohen & Steers Infrastructure Fund (UTF), Enterprise Product Partners (EPD), The Travelers Companies Inc. (TRV), and Yum! Brands, Inc. (YUM). New positions were started in EBay Inc. (EBAY) and Intel Corp. (INTC).

The Fund repurchased and retired 4,405,090 shares of its Common Stock during the period. The shares were repurchased at an average price of \$9.49. Since the Fund's Board of Directors reinstated the share repurchase program in August 2017, the Fund repurchased and retired 7,825,837 shares at an average price of \$10.00 per share.

The following table shows the top ten holdings in the Fund as of November 30, 2020:

<b>Holding</b>	<b>Symbol(s)</b>	<b>Percentage of Total Managed Assets</b>
Berkshire Hathaway, Inc.	BRK/A and BRK/B	31.2%
Cash and Short-Term Investments	SAMXX, SALXX, and Treasuries	20.1%
JPMorgan Chase & Co.	JPM	7.9%
Yum! Brands, Inc.	YUM	5.9%
Cisco Systems, Inc.	CSCO	5.1%
Cohen & Steers Infrastructure Fund, Inc.	UTF	3.6%
Caterpillar, Inc.	CAT	3.4%
Walmart, Inc.	WMT	3.3%
Enterprise Product Partners LP	EPD	3.2%
Wells Fargo & Co.	WFC	2.6%

*November 30, 2020 (Unaudited)***Recent News:**

On November 5, 2020, the Fund announced that it agreed to issue and sell an aggregate principal amount of \$225 million of senior unsecured notes ("Notes") in a private placement to certain "accredited investors" pursuant to Section 4(a)(2) of the Securities Act of 1933, as amended.

An aggregate principal amount of \$225 million of the Notes was issued on November 5, 2020, in three series with maturities of 10-, 12-, and 15-years. Fitch Ratings assigned long term ratings of "A" to each series of Notes on November 5, 2020.

The 10-, 12-, and 15-year series will pay interest semi-annually at the rate of 2.62%, 2.72%, and 2.87%, respectively. Interest on the Notes is payable semiannually, on the 5<sup>th</sup> day of May and November in each year commencing on May 5, 2021. The proceeds from the Notes will be used for making new portfolio investments and general corporate purposes.

The successful issuance of these Notes provides Fund shareholders with an opportunity to benefit from the current interest rate environment and opportunities that present themselves in the market. With its disciplined investment philosophy, RMA will attempt to take advantage of market volatility to benefit Fund shareholders. Cash and cash equivalents may be at higher than usual levels while the proceeds of the Note issuance are being invested.

We appreciate your continued support of the Fund.

Sincerely,

Stewart Horejsi  
Portfolio Manager

Joel Looney  
Portfolio Manager

*The views and opinions in the preceding commentary are as of the date of this letter and are subject to change at any time. This material represents an assessment of the market environment at a specific point in time, should not be relied upon as investment advice and is not intended to predict or depict performance of any investment.*

*Portfolio weightings and other figures in the foregoing commentary are provided as of period-end, unless otherwise stated.*

**Note to Stockholders on the Fund's Discount.** As most stockholders are aware, the Fund's shares presently trade at a significant discount to net asset value. The Board is aware of this, monitors the discount and periodically reviews the limited options available to mitigate the discount. In addition, there are several factors affecting the Fund's discount over which the Board and management have little control. In the end, the market sets the Fund's share price. For long-term stockholders of a closed-end fund, we believe the Fund's discount should only be one of many factors taken into consideration at the time of your investment decision.

**Note to Stockholders on Concentration of Investments.** The Board feels it is important that stockholders be aware of the Fund's high concentration in a small number of positions. Concentrating investments in fewer securities may involve a degree of risk that is greater than a fund having less concentrated investments spread over a greater number of securities. In particular, the Fund is highly concentrated in Berkshire Hathaway, Inc., which, in addition to other business risks, is largely dependent on Warren Buffett for major investment and capital allocation decisions. When Mr. Buffett is no longer able to fulfill his responsibilities with Berkshire Hathaway, Inc., the value of the Fund's position in Berkshire Hathaway, Inc. could be materially impacted.

### **Growth of \$10,000** (as of November 30, 2020)

*Comparison of change in value of a hypothetical \$10,000 investment in the Fund and the Underlying Indexes*

*Past performance does no guarantee future results. Performance will fluctuate with changes in market conditions. Current performance may be lower or higher than the performance data shown. Performance information does not reflect the deduction of taxes that shareholders would pay on Fund distributions or the sale of Fund shares. An investment in the Fund involves risk, including loss of principal.*

See Accompanying Notes to Financial Statements.

- (a) Calculated based on the average number of common shares outstanding during each fiscal period.*
- (b) Amount represents less than \$0.005 per common share.*
- (c) Total return based on per share net asset value reflects the effects of changes in net asset value on the performance of the Fund during each fiscal period. Total return based on common share market value assumes the purchase of common shares at the market price on the first day and sale of common shares at the market price on the last day of the period indicated. Dividends and distributions, if any, are assumed to be reinvested at prices obtained under the Fund's distribution reinvestment plan.*
- (d) Ratios do not reflect the proportionate share of income and expenses of the underlying investee funds (i.e. those listed under Hedge Fund or Closed-End Fund on the Portfolio of Investments).*
- (e) The amount shown is due to the issuance of senior notes (See Note 10).*

---

**NOTE 1. FUND ORGANIZATION**

---

Boulder Growth & Income Fund, Inc. (the “Fund” or “BIF”), is a non-diversified, closed-end management company organized as a Maryland corporation and is registered with the Securities and Exchange Commission (“SEC”) under the Investment Company Act of 1940, as amended (the “1940 Act”). The Fund is considered an investment company for financial reporting purposes under generally accepted accounting principles in the United States of America (“GAAP”) and accordingly follows the investment company accounting and reporting guidance in the Financial Accounting Standards Board Accounting Standards Codification Topic 946 “*Financial Services – Investment Companies*.”

---

**NOTE 2. SIGNIFICANT ACCOUNTING POLICIES**

---

The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements. The preparation of financial statements is in accordance with GAAP, which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates.

**Portfolio Valuation:** Equity securities including closed-end funds and limited partnerships for which market quotations are readily available (including securities listed on national securities exchanges and those traded over-the-counter) are valued based on the last sales price at the close of the applicable exchange. If such equity securities were not traded on the valuation date, but market quotations are readily available, they are valued at the bid price provided by an independent pricing service or by principal market makers. Equity securities traded on NASDAQ are valued at the NASDAQ Official Closing Price. Debt securities are valued at the mean between the closing bid and asked prices, or based on a matrix system which utilizes information (such as credit ratings, yields and maturities) from independent pricing services, principal market makers, or other independent sources. Money market mutual funds are valued at their net asset value per share. Short-term fixed income securities such as Commercial Paper, Bankers Acceptances and U.S. Treasury Bills, having a maturity of less than 60 days are valued using market quotations or a matrix method provided by a pricing service. If prices are not available from the pricing service, then the securities will be priced at fair value under procedures approved by the Board of Directors (the “Board”). The Board has delegated to the Valuation Committee, the responsibility of determining the fair value of any security or financial instrument owned by the Fund for which market quotations are not readily available or where the pricing agent or market maker does not provide a valuation or methodology, or provides a valuation or methodology that, in the judgment of the Valuation Committee, does not represent fair value (“Fair Value Securities”). The appointment of any officer or employee of the investment adviser or Fund to the Valuation Committee shall be promptly reported to the Board and ratified by the Board at its next regularly scheduled meeting. The Valuation Committee is responsible for reporting to the Board, on a quarterly basis, valuations and certain findings with respect to the Fair Value Securities. Such valuations and findings are reviewed by the entire Board on a quarterly basis.

The Fund’s investment in an unregistered pooled investment vehicle (“Hedge Fund”) is valued, as a practical expedient, at the most recent net asset value determined by the Hedge Fund manager according to such manager’s policies and procedures based on valuation information reasonably available to the Hedge Fund manager at that time; provided, however, that the Valuation Committee may consider whether it is appropriate, in light of relevant circumstances, to adjust such valuation in accordance with the Fund’s valuation procedures. If the Hedge Fund does not report a value to the Fund on a timely basis, the fair value of the Hedge Fund shall be based on the most recent value reported by the Hedge Fund, as well as any other relevant information available at the time the Fund values its portfolio. The frequency and timing of receiving valuations for the

Hedge Fund investment is subject to change at any time, without notice to investors, at the discretion of the Hedge Fund manager or the Fund.

For valuation purposes, the last quoted prices of non-U.S. equity securities may be adjusted under certain circumstances described below. If the Valuation Committee determines that developments between the close of a foreign market and the close of the New York Stock Exchange ("NYSE") will, in its judgment, materially affect the value of some or all of the Fund's portfolio securities, the Valuation Committee may adjust the previous closing prices to reflect what it believes to be the fair value of the securities as of the close of the NYSE. In deciding whether it is necessary to adjust closing prices to reflect fair value, the Valuation Committee reviews a variety of factors, including developments in foreign markets, the performance of U.S. securities markets, and the performance of instruments trading in U.S. markets that represent foreign securities and baskets of foreign securities. The Valuation Committee may also fair value securities in other situations, such as when a particular foreign market is closed but the U.S. market is open. The Valuation Committee may use outside pricing services to provide it with closing prices. The Valuation Committee may consider whether it is appropriate, in light of relevant circumstances, to adjust such valuation in accordance with the Fund's valuation procedures. The Valuation Committee cannot predict how often it will use closing prices and how often it will determine it necessary to adjust those prices to reflect fair value. If the Valuation Committee adjusts prices, the Valuation Committee will periodically compare closing prices, the next day's opening prices in the same markets and those adjusted prices as a means of evaluating its security valuation process.

Options are valued at the mean of the highest bid and lowest ask prices on the principal exchange on which the option trades. If no quotations are available, fair value procedures will be used. Fair value procedures will also be used for any options traded over-the-counter.

Various inputs are used to determine the value of the Fund's investments. Observable inputs are inputs that reflect the assumptions market participants would use based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions based on the best information available in the circumstances.

These inputs are summarized in the three broad levels listed below.

- Level 1 — Unadjusted quoted prices in active markets for identical investments that the Fund has the ability to access
- Level 2 — Significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)
- Level 3 — Significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

November 30, 2020

The following is a summary of the inputs used as of November 30, 2020 in valuing the Fund's investments carried at value:

**Investments in Securities  
at Value\***

	Level 1	Level 2	Level 3	Total
Domestic Common Stock	\$1,133,464,062	\$-	\$-	\$1,133,464,062
Foreign Common Stock	16,629,489	-	-	16,629,489
Closed-End Fund	54,796,383	-	-	54,796,383
Limited Partnerships	48,500,000	-	-	48,500,000
Hedge Fund**	N/A	N/A	N/A	483,417
U.S. Treasury Obligations	-	107,991,991	-	107,991,991
Money Market Funds	200,417,428	-	-	200,417,428
<b>TOTAL</b>	<b>\$1,453,807,362</b>	<b>\$107,991,991</b>	<b>\$-</b>	<b>\$1,562,282,770</b>

**Other Financial  
Instruments\*\*\***

	Level 1	Level 2	Level 3	Total
Written Call Options	\$(8,623,875)	\$-	\$-	\$(8,623,875)
<b>TOTAL</b>	<b>\$(8,623,875)</b>	<b>\$-</b>	<b>\$-</b>	<b>\$(8,623,875)</b>

\* For detailed descriptions and other security classifications, see the accompanying *Portfolio of Investments*.

\*\* In accordance with GAAP, certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amount presented in the Total column of this table is intended to permit reconciliation of the fair value hierarchy to the amounts presented in the *Statement of Assets and Liabilities*.

\*\*\* Other financial instruments are derivative instruments reflected in the *Portfolio of Investments*.

The following is a reconciliation of assets in which significant unobservable inputs (Level 3) were used in determining fair value:

Boulder Growth & Income Fund, Inc.	Domestic Common Stock
Balance as of November 30, 2019	\$ 3,302,551
Accrued discount/premium	-
Realized gain/(loss)	(4,080,847)
Change in unrealized appreciation/(depreciation)	3,851,949
Purchases	-
Sales Proceeds	(3,073,653)
Transfer into Level 3	-
Transfer out of Level 3	-
Balance as of November 30, 2020	\$ -
Net change in unrealized appreciation/(depreciation) to Level 3 investments held at November 30, 2020	\$ -

**Securities Transactions and Investment Income:** Securities transactions are recorded as of the trade date. Realized gains and losses from securities sold are recorded on the identified cost basis. Dividend income is recorded as of the ex-dividend date or for certain foreign securities, when the information becomes available to the Fund. Certain dividend income from foreign securities will be

recorded, in the exercise of reasonable diligence, as soon as the Fund is informed of the dividend if such information is obtained subsequent to the ex-dividend date and may be subject to withholding taxes in these jurisdictions. Withholding taxes on foreign dividends have been provided for in accordance with the Fund's understanding of the applicable country's tax rules and rates. Non-cash dividends included in dividend income, if any, are recorded at the fair value of the securities received. Interest income, including amortization of premium and accretion of discount on debt securities, as required, is recorded on the accrual basis using the effective yield method.

Dividend income from investments in real estate investment trusts ("REITs") is recorded at management's estimate of income included in distributions received. Distributions received in excess of this amount are recorded as a reduction of the cost of investments. The actual amount of income and return of capital are determined by each REIT only after its fiscal year-end, and may differ from the estimated amounts. Such differences, if any, are recorded by the Fund in the following annual financial reporting period.

**Foreign Currency Translations:** The Fund may invest a portion of its assets in foreign securities. In the event that the Fund executes a foreign security transaction, the Fund will generally enter into a forward foreign currency contract to settle the foreign security transaction. Foreign securities may carry more risk than U.S. securities, such as political, market and currency risks. See Foreign Issuer Risk under Note 6.

The Fund does not isolate that portion of the results of operations resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in market prices of securities held. Such fluctuations are included with the net realized and unrealized gain or loss from investments. Reported net realized foreign exchange gains or losses arise from sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions, and the difference between the amounts of dividends, interest, and foreign withholding taxes recorded on the Company's books and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in the fair values of assets and liabilities, other than investments in securities at fiscal period-end, resulting from changes in exchange rates.

**Distributions to Common Stockholders:** It is the Fund's policy to distribute substantially all net investment income and net realized gains to stockholders and to otherwise qualify as a regulated investment company under provisions of the Internal Revenue Code of 1986, as amended. Distributions to common stockholders are recorded on the ex-dividend date.

The Fund intends to distribute its net realized capital gains, if any, at least annually. At times, to maintain a stable level of distributions, the Fund may pay out less than all of its net investment income or pay out accumulated undistributed income, or return capital, in addition to current net investment income. Any distribution that is treated as a return of capital generally will reduce a stockholder's basis in his or her shares, which may increase the capital gain or reduce the capital loss realized upon the sale of such shares. Any amounts received in excess of a stockholder's basis are generally treated as capital gain, assuming the shares are held as capital assets.

**Indemnifications:** Like many other companies, the Fund's organizational documents provide that its officers and directors are indemnified against certain liabilities arising out of the performance of their duties to the Fund. In addition, both in some of its principal service contracts and in the normal course of its business, the Fund enters into contracts that provide indemnifications to other parties for certain types of losses or liabilities. The Fund's maximum exposure under these arrangements is unknown as this could involve future claims against the Fund.

**Federal Income Tax:** For federal income tax purposes, the Fund currently qualifies, and intends to remain qualified as a regulated investment company under the provisions of Subchapter M of the

Internal Revenue Code of 1986, as amended, by distributing substantially all of its earnings to its stockholders. Accordingly, no provision for federal income or excise taxes has been made.

Income and capital gain distributions are determined and characterized in accordance with income tax regulations, which may differ from GAAP. These differences are primarily due to differing treatments of income and gains on various investment securities held by the Fund, timing differences and differing characterization of distributions made by the Fund as a whole.

As of and during the year ended November 30, 2020, the Fund did not have a liability for any unrecognized tax benefits. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits as income tax expenses, in the Statement of Operations. The Fund files U.S. federal, state, and local tax returns as required. The Fund's tax returns are subject to examination by the relevant tax authorities until expiration of the applicable statute of limitations, which is generally three years after the filing of the tax return for federal purposes and four years for most state returns. Tax returns for open years have incorporated no uncertain tax positions that require a provision for income taxes.

### NOTE 3. DERIVATIVE FINANCIAL INSTRUMENTS

---

As a part of its investment strategy, the Fund may invest to a lesser extent in derivatives contracts. In doing so, the Fund will employ strategies in differing combinations to permit them to increase, decrease, or change the level or types of exposure to market factors. Central to those strategies are features inherent in derivatives that make them more attractive for this purpose than equity or debt securities; they require little or no initial cash investment, they can focus exposure on only certain selected risk factors, and they may not require the ultimate receipt or delivery of the underlying security (or securities) to the contract. This may allow the Fund to pursue its objectives more quickly and efficiently than if it were to make direct purchases or sales of securities capable of affecting a similar response to market factors.

**Risk of Investing in Derivatives:** The Fund's use of derivatives can result in losses due to unanticipated changes in the market risk factors and the overall market. In instances where the Fund is using derivatives to decrease, or hedge, exposures to market risk factors for securities held by the Fund, there are also risks that those derivatives may not perform as expected, resulting in losses for the combined or hedged positions.

Derivatives may have little or no initial cash investment relative to their market value exposure and therefore can produce significant gains or losses in excess of their cost. This use of embedded leverage allows the Fund to increase its market value exposure relative to its net assets and can substantially increase the volatility of the Fund's performance.

Associated risks from investing in derivatives also exist and potentially could have significant effects on the valuation of the derivative and the Fund. Typically, the associated risks are not the risks that the Fund is attempting to increase or decrease exposure to, per its investment objectives, but are the additional risks from investing in derivatives.

Examples of these associated risks are liquidity risk, which is the risk that the Fund will not be able to sell or close out the derivative in a timely manner, and counterparty credit risk, which is the risk that the counterparty will not fulfill its obligation to the Fund. In addition, use of derivatives may increase or decrease exposure to the following risk factors:

*Equity Risk:* Equity risk relates to the change in value of equity securities as they relate to increases or decreases in the general market. Associated risks can be different for each type of derivative and are discussed by each derivative type in the notes that follow.

November 30, 2020

**Option Contracts:** The Fund may enter into options transactions for hedging purposes and for non-hedging purposes such as seeking to enhance return. The Fund may write put and call options on any stocks or stock indices, currencies traded on domestic and foreign securities exchanges, or futures contracts on stock indices, interest rates and currencies traded on domestic and, to the extent permitted by the Commodity Futures Trading Commission, foreign exchanges. A call option on an asset written by the Fund obligates the Fund to sell the specified asset to the holder (purchaser) at a stated price (the exercise price) if the option is exercised before a specified date (the expiration date). A put option on an asset written by the Fund obligates the Fund to buy the specified asset from the purchaser at the exercise price if the option is exercised before the expiration date. Premiums received when writing options are recorded as liabilities and are subsequently adjusted to the current value of the options written. Premiums received from writing options that expire are treated as realized gains. Premiums received from writing options, which are either exercised or closed, are offset against the proceeds received or amount paid on the transaction to determine realized gains or losses.

For the year ended November 30, 2020, the effects of derivative instruments on the Statement of Assets and Liabilities were as follows:

Risk Exposure	Asset Derivatives	Fair Value	Liability Derivatives	Fair Value
	Statement of Assets and Liabilities Location		Statement of Assets and Liabilities Location	
Equity Contracts (Written Options)	N/A	N/A	Written options, at value	\$ 8,623,875
<b>Total</b>		<b>N/A</b>		<b>\$ 8,623,875</b>

For the year ended November 30, 2020, the effects of derivative instruments on the Statement of Operations were as follows:

Risk Exposure	Statement of Operations Location	Realized	Change in Unrealized
		Gain/(Loss) on Derivatives	Appreciation/Depreciation on Derivatives
Equity Contracts (written options)	Net realized gain on written options/Net change in unrealized depreciation on written options	\$ 162,470	\$ (6,311,709)
<b>Total</b>		<b>\$ 162,470</b>	<b>\$ (6,311,709)</b>

The average monthly notional value of written option contracts for the Fund was \$15,183,800 during the year ended November 30, 2020.

#### NOTE 4. ADVISORY FEES, ADMINISTRATION FEES AND OTHER AGREEMENTS

ALPS Advisors, Inc. ("ALPS") serves as the Fund's investment adviser pursuant to the advisory agreement. The Fund pays ALPS an annual rate of 0.95% of the value of the Fund's net assets plus the principal amount of leverage, if any ("Net Assets"). Rocky Mountain Advisers, LLC ("RMA")

*November 30, 2020*

provides sub-advisory services to the Fund pursuant to a sub-advisory agreement between RMA and ALPS. ALPS pays RMA an annual fee of 0.8125% based on the Fund's average monthly Net Assets.

RMA is owned by the Susan L. Ciciora Trust (the "SLC Trust"), which is also a stockholder of the Fund. RMA is considered an "affiliated person", as that term is defined in the 1940 Act, of the Fund.

ALPS Fund Services, Inc. ("AFS"), an affiliate of ALPS, serves as the Fund's administrator and provides all administrative and fund accounting services to the Fund. As compensation for its services, AFS receives certain out-of-pocket expenses and asset-based fees, which are accrued daily and paid monthly. The fees paid to AFS are calculated based on the Net Assets of the Fund.

ALPS, AFS and RMA have agreed to voluntarily waive advisory, sub-advisory and administration fees on amounts attributable to the proceeds of the senior notes issued that remain in cash or cash equivalents. The total fees waived during the year ended November 30, 2020 was \$133,079.

No persons (other than the Independent Directors) currently receive compensation from the Fund for acting as a director or officer; however, officers of the Fund may also be officers or employees of ALPS, RMA or AFS and may receive compensation in such capacities. The Fund pays each member of the Board (a "Director") who is not a director, officer, employee, or affiliate of ALPS, RMA or any of their affiliates a fee of \$40,000 per annum, plus \$5,000 for each in-person meeting, \$3,000 for each audit committee meeting, \$1,000 for each nominating committee meeting and \$1,000 for each telephonic meeting of the Board. The lead independent Director of the Board receives an additional \$3,125 for attending each regular quarterly meeting of the Board. The chairman of the audit committee receives an additional \$3,000 for attending each regular meeting of the audit committee. The Fund will also reimburse all non-interested Directors for travel and out-of-pocket expenses incurred in connection with such meetings. AFS provides the Fund with a chief compliance officer ("CCO") and has waived any fees it would be entitled to receive for such services during the period that ALPS serves as investment adviser to the Fund.

State Street Bank & Trust Company ("State Street") serves as the Fund's custodian. Computershare Shareowner Services ("Computershare") serves as the Fund's common stock servicing agent, dividend-paying agent and registrar. As compensation for State Street's and Computershare's services, the Fund pays each a monthly fee plus certain out-of-pocket expenses.

## NOTE 5. SECURITIES TRANSACTIONS

---

Purchases and sales of securities, excluding short term securities, during the year ended November 30, 2020 were \$119,707,607 and \$63,621,218 respectively.

## NOTE 6. PORTFOLIO INVESTMENTS AND CONCENTRATION

---

Under normal market conditions, the Fund intends to invest at least 80% of its net assets in common stocks. Common stocks include dividend-paying closed-end funds, open-end funds and REITs. The portion of the Fund's assets that are not invested in common stocks may be invested in fixed income securities and cash equivalents. The term "fixed income securities" includes bonds, U.S. Government securities, notes, bills, debentures, preferred stocks, convertible securities, bank debt obligations, repurchase agreements and short-term money market obligations.

**Concentration Risk:** The Fund operates as a "non-diversified" investment company, as defined in the 1940 Act. As a result of being "non-diversified" with respect to 50% of the Fund's portfolio, the Fund must limit the portion of its assets invested in the securities of a single issuer to 5%, measured at the time of purchase. In addition, no single investment can exceed 25% of the Fund's

total assets at the time of purchase. A more concentrated portfolio may cause the Fund's net asset value to be more volatile and thus may subject stockholders to more risk. Thus, the volatility of the Fund's net asset value and its performance in general, depends disproportionately more on the performance of a smaller number of holdings than that of a more diversified fund. As a result, the Fund is subject to a greater risk of loss than a fund that diversifies its investments more broadly.

As of November 30, 2020, the Fund held more than 25% of its assets in Berkshire Hathaway, Inc. In addition to market appreciation of the issuer since the time of purchase, the Fund acquired additional interest in Berkshire Hathaway, Inc. in the March 20, 2015 reorganization. After the reorganization was completed, shares held of the issuer were liquidated to bring the concentration to 25%. Concentration of the Berkshire Hathaway, Inc. position was a direct result of market appreciation and decreased leverage since the time the Fund and the funds acquired in the reorganization purchased the security.

**Foreign Issuer Risk:** Investment in non-U.S. issuers may involve unique risks compared to investing in securities of U.S. issuers. These risks may include, but are not limited to: (i) less information about non-U.S. issuers or markets may be available due to less rigorous disclosure, accounting standards or regulatory practices; (ii) many non-U.S. markets are smaller, less liquid and more volatile thus, in a changing market, ALPS may not be able to sell the Fund's portfolio securities at times, in amounts and at prices they consider reasonable; (iii) currency exchange rates or controls may adversely affect the value of the Fund's investments; (iv) the economies of non-U.S. countries may grow at slower rates than expected or may experience downturns or recessions; and, (v) withholdings and other non-U.S. taxes may decrease the Fund's return.

#### NOTE 7. SIGNIFICANT STOCKHOLDERS

---

On November 30, 2020, trusts and other entities and individuals affiliated with Stewart R. Horejsi and the Horejsi family owned 45,384,254 shares of Common Stock of the Fund, representing approximately 46.18% of the total Common Stock outstanding. Stewart R. Horejsi is the Chief Investment Officer of RMA and is a portfolio manager of the Fund.

#### NOTE 8. SHARE REPURCHASES AND REDEMPTIONS

---

In accordance with Section 23(c) of the 1940 Act and the rules promulgated thereunder, the Fund may from time to time effect repurchases and/or redemptions of its Common Stock.

For the year ended November 30, 2020, the Fund repurchased 4,405,090 shares of Common Stock at a total purchase amount of \$41,793,909. For the year ended November 30, 2019, the Fund repurchased 2,981,322 shares of Common Stock at a total purchase amount of \$31,801,183.

**NOTE 9. TAX BASIS DISTRIBUTIONS AND TAX BASIS INFORMATION**

As determined on November 30, 2020, permanent differences resulting primarily from different book and tax accounting for partnership investments, and certain other investments were reclassified at fiscal year-end. These reclassifications had no effect on net increase in net assets resulting from operations, net assets applicable to common stockholders or net asset value per common share outstanding. Permanent book and tax basis differences of \$1,184,385 and \$(1,184,385) were reclassified at November 30, 2020 among total distributable earnings and paid-in capital, respectively, for the Fund.

The character of distributions paid on a tax basis during the year ending November 30, 2020 is as follows:

Distributions Paid From:	
Ordinary Income	\$ 4,938,798
Long-Term Capital Gain	34,017,701
Tax Return of Capital	1,968,760
	\$ 40,925,259

The character of distributions paid on a tax basis during the year ending November 30, 2019 is as follows:

Distributions Paid From:	
Ordinary Income	\$ 8,307,068
Long-Term Capital Gain	31,029,532
Tax Return of Capital	2,988,825
	\$ 42,325,425

On November 30, 2020, based on cost of \$790,989,441 for federal income tax purposes, aggregate gross unrealized appreciation for all securities in which there is an excess of value over tax cost was \$793,359,951, aggregate gross unrealized depreciation for all securities in which there is an excess of tax cost over value was \$28,378,331 and net depreciation of foreign currency was \$959, resulting in net unrealized appreciation of \$764,980,661.

As of November 30, 2020, the components of distributable earnings on a tax basis were as follows:

Unrealized Appreciation	\$ 764,980,661
Total	\$ 764,980,661

The difference between book and tax basis distributable earnings is attributable primarily to temporary differences related to wash sales and partnership book and tax differences.

**NOTE 10. SENIOR NOTES**

On November 5, 2020, the Fund issued senior unsecured notes (“Notes”) in an aggregate amount of \$225,000,000 in three fixed-rate series. The Notes were issued in private placement offerings to institutional investors and are not listed on any exchange or automated quotation system. The note purchase agreement (the “Agreement”) contains various covenants related to other indebtedness and limits on the Fund’s overall leverage. Under the 1940 Act and the terms of the Notes, the Fund may not declare dividends or make other distributions on shares of its common stock or make purchases of such shares if, at any time of the declaration, distribution or purchase, asset coverage with respect to senior securities representing indebtedness (including the Notes) would be less than 300%.

The table below sets forth a summary of the key terms of each series of Notes outstanding at November 30, 2020.

Series	Principal Outstanding November 30, 2020	Payment Frequency	Unamortized Offering Costs	Value November 30, 2020	Fixed Interest Rate	Maturity Date
A	\$ 85,000,000	Semi-Annual	\$ 849,643	\$ 84,310,308	2.62%	November 5, 2030
B	\$ 85,000,000	Semi-Annual	\$ 850,619	\$ 84,315,436	2.72%	November 5, 2032
C	\$ 55,000,000	Semi-Annual	\$ 551,032	\$ 54,562,341	2.87%	November 5, 2035

As permitted under GAAP, the Fund has not elected the fair value option to value the Notes.

The Fund shall at all times maintain a current rating given by a NRSRO (Nationally Recognized Statistical Rating Organization) of at least Investment Grade with respect to the Notes and shall not at any time have any rating given by a NRSRO of less than Investment Grade with respect to the Notes. The Notes have been assigned an ‘A’ long-term rating by Fitch Ratings.

The Fund incurred costs in connection with the issuance of the Notes. These costs were recorded as a deferred charge and are being amortized over the respective life of each series of notes. Amortization of \$13,262 is included as Offering Costs on the Statement of Operations and the unamortized balance is deducted from the carrying amount of the Notes on the Statement of Assets and Liabilities.

At November 30, 2020, the Fund was in compliance with all covenants under the Agreement.

**NOTE 11. RESTRICTED SECURITIES**

As of November 30, 2020, investments in securities included issuers that are considered restricted. Restricted securities are often purchased in private placement transactions, are not registered under the Securities Act of 1933, may have contractual restrictions on resale, and may be valued under methods approved by the Board as reflecting fair value.

November 30, 2020

Restricted securities as of November 30, 2020, were as follows:

Issuer Description	Acquisition Date	Cost	Value November 30, 2020	Value as Percentage of Net Assets Applicable to Common Stockholders November 30, 2020
Ithan Creek Partners L.P.	6/2/08	\$ 129,090	\$ 483,417	0.04%
		\$ 129,090	\$ 483,417	0.04%

#### NOTE 12. INVESTMENT IN A HEDGE FUND

As of November 30, 2020, the Fund holds a residual interest in Ithan Creek Partners L.P. (“Hedge Fund”). As of June 30, 2014, the Fund notified the managing general partner of the Hedge Fund that it was withdrawing its interest in the Hedge Fund. A portion of the interest was withdrawn at that time. However, certain illiquid securities designated at the discretion of the managing general partner of the Hedge Fund had been segregated in “side pockets” and were not immediately available for distribution. Such illiquid securities are referred to as “Designated Investments”. As a result, the Fund continues to maintain a residual, non-participating interest in the Hedge Fund, associated with the Designated Investments held in side pockets. Due to the reorganization on March 20, 2015, the Fund acquired additional residual, nonparticipating interest in the Hedge Fund. The Fund will maintain such interest until all the Designated Investments within the side pockets have been liquidated and distributed, which will likely occur incrementally and over a period of years. Because of the illiquidity of the Designated Investments, the limitation on withdrawal rights and because limited partnership interests are not tradable, the investment in the Hedge Fund is an illiquid investment and involves a high degree of risk. A management fee at an annual rate of 1% of net assets and an incentive fee of 20% of net profits is included in the partnership agreement. The value assigned to the Hedge Fund is based on available information and may not necessarily represent the amount which might ultimately be realized.

To the Shareholders and Board of Directors of  
Boulder Growth & Income Fund, Inc.

### Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities, including the portfolio of investments, of Boulder Growth & Income Fund, Inc. (the "Fund") as of November 30, 2020, the related statements of operations and cash flows for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, the related notes, and the financial highlights for each of the three years in the period then ended (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as of November 30, 2020, the results of its operations and its cash flows for the year then ended, the changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the three years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

The Fund's financial highlights for the years ended November 30, 2017, and prior, were audited by other auditors whose report dated January 26, 2018, expressed an unqualified opinion on those financial highlights.

### Basis for Opinion

These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on the Fund's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of November 30, 2020, by correspondence with the custodian, underlying fund managers and brokers. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

We have served as the auditor of one or more investment companies advised by ALPS Advisors, Inc. since 2013.

## PORTFOLIO INFORMATION

---

The Fund files its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year as an exhibit to its report on Form N-PORT. The Fund's N-PORT reports are available (i) on the Fund's website at [www.bouldercef.com](http://www.bouldercef.com); or (ii) on the SEC's website at [www.sec.gov](http://www.sec.gov).

---

## PROXY VOTING

---

The policies and procedures used by the Fund to determine how to vote proxies relating to portfolio securities held by the Fund are available, without charge, (i) on the Fund's website at [www.bouldercef.com](http://www.bouldercef.com), (ii) on the SEC's website at [www.sec.gov](http://www.sec.gov), or (iii) by calling toll-free (877) 561-7914. Information regarding how the Fund voted proxies relating to portfolio securities during the most recent twelve-month period ended June 30 is available at [www.sec.gov](http://www.sec.gov).

---

## SENIOR OFFICER CODE OF ETHICS

---

The Fund files a copy of its code of ethics that applies to its principal executive officer, principal financial officer or controller, or persons performing similar functions (the "Senior Officer Code of Ethics"), with the SEC as an exhibit to its annual report on Form N-CSR. The Fund's Senior Officer Code of Ethics is available on the Fund's website located at [www.bouldercef.com](http://www.bouldercef.com).

---

## PRIVACY STATEMENT

---

Pursuant to SEC Regulation S-P (Privacy of Consumer Financial Information) the Board established the following policy regarding information about the Fund's stockholders. We consider all stockholder data to be private and confidential, and we hold ourselves to the highest standards in its safekeeping and use.

**General Statement.** The Fund may collect nonpublic information (e.g., your name, address, email address, Social Security Number, Fund holdings (collectively, "Personal Information")) about stockholders from transactions in Fund shares. The Fund will not release Personal Information about current or former stockholders (except as permitted by law) unless one of the following conditions is met: (i) we receive your prior written consent; (ii) we believe the recipient to be you or your authorized representative; (iii) to service or support the business functions of the Fund (as explained in more detail below), or (iv) we are required by law to release Personal Information to the recipient. The Fund has not and will not in the future give or sell Personal Information about its current or former stockholders to any company, individual, or group (except as permitted by law) and as otherwise provided in this policy.

In the future, the Fund may make certain electronic services available to its stockholders and may solicit your email address and contact you by email, telephone or U.S. mail regarding the availability of such services. The Fund may also contact stockholders by email, telephone or U.S. mail in connection with these services, such as to confirm enrollment in electronic stockholder communications or to update your Personal Information. In no event will the Fund transmit your Personal Information via email without your consent.

November 30, 2020 (Unaudited)

**Use of Personal Information.** The Fund will only use Personal Information (i) as necessary to service or maintain stockholder accounts in the ordinary course of business and (ii) to support business functions of the Fund and its affiliated businesses. This means that the Fund may share certain Personal Information, only as permitted by law, with affiliated businesses of the Fund, and that such information may be used for non-Fund-related solicitation. When Personal Information is shared with the Fund's business affiliates, the Fund may do so without providing you the option of preventing these types of disclosures as permitted by law.

**Safeguards Regarding Personal Information.** Internally, we also restrict access to Personal Information to those who have a specific need for the records. We maintain physical, electronic, and procedural safeguards that comply with federal standards to guard Personal Information. Any doubts about the confidentiality of Personal Information, as required by law, are resolved in favor of confidentiality.

## NOTICE TO STOCKHOLDERS

The Fund designated the following as a percentage of taxable ordinary income distributions, or up to the maximum amount allowable, for the calendar year ended December 31, 2019:

Qualified Dividend Income:	100.00%
Dividend Received Deduction:	100.00%

In early 2020, if applicable, stockholders of record received this information for the distributions paid to them by the Funds during the calendar year 2019 via Form 1099. The Funds will notify shareholders in early 2021 of amounts paid to them by the Funds, if any, during the calendar year 2020.

Pursuant to Section 852(b)(3) of the Internal Revenue Code, the Fund designated \$34,017,701 as long-term capital gain dividends for the fiscal year ended November 30, 2020.

## LICENSING AGREEMENT

Morningstar The Fund is not sponsored, endorsed, sold or promoted by Morningstar, Inc. or any of its affiliates (all such entities, collectively, "Morningstar Entities"). The Morningstar Entities make no representation or warranty, express or implied, to the owners of the Fund or any member of the public regarding the advisability of investing in mutual funds generally or in the Fund in particular or the ability of the Morningstar Index Data to track general mutual fund market performance. THE MORNINGSTAR ENTITIES DO NOT GUARANTEE THE ACCURACY AND/OR THE COMPLETENESS OF THE MORNINGSTAR INDEX DATA OR ANY DATA INCLUDED THEREIN AND MORNINGSTAR ENTITIES SHALL HAVE NO LIABILITY FOR ANY ERRORS, OMISSIONS, OR INTERRUPTIONS THEREIN.

## STOCKHOLDER VOTING RESULTS

On November 13, 2020, the Fund held its Annual Meeting of Stockholders to consider the proposals set forth below. The following votes were recorded:

### Proposal 1: To elect one Class II Director to the Board of Directors to serve until the 2023 Annual Meeting of Stockholders.

Election of Mr. Joel W. Looney

	# of Votes Cast	% of Votes Cast
For	85,172,529	98.57%
Against/Withhold	1,239,970	1.43%
<b>TOTAL</b>	<b>86,412,496</b>	<b>100.00%</b>

November 30, 2020 (Unaudited)

## SECTION 19(A) NOTICES

The following table sets forth the estimated amount of the sources of distribution for purposes of Section 19 of the Investment Company Act of 1940, as amended, and the related rules adopted thereunder. The Fund estimates the following percentages, of the total distribution amount per share, attributable to (i) current and prior fiscal year net investment income, (ii) net realized short-term capital gain, (iii) net realized long-term capital gain and (iv) return of capital or other capital source as a percentage of the total distribution amount. These percentages are disclosed for the fiscal year-to-date cumulative distribution amount per share for the Fund.

The amounts and sources of distributions reported in these 19(a) notices are only estimates and not for tax reporting purposes. The actual amounts and sources of the amounts for tax reporting purposes will depend upon the Fund's investment experience during the remainder of its fiscal year and may be subject to changes based on tax regulations. The Fund will send you a Form 1099-DIV for the calendar year that will tell you how to report these distributions for federal income tax purposes.

Total Cumulative Distributions for the fiscal period ended November 30, 2020				% Breakdown of the Total Cumulative Distributions for the fiscal period ended November 30, 2020			
Net Investment Income	Net Realized Capital Gains	Return of Capital	Total Per Common Share	Net Investment Income	Net Realized Capital Gains	Return of Capital	Total Per Common Share
\$0.08322	\$0.23898	\$0.08580	\$0.40800	20.39%	58.08%	21.53%	100.00%

November 30, 2020 (Unaudited)

Registered holders (“Common Stockholders”) of common shares (the “Common Shares”) are automatically enrolled (the “Participants”) in the Fund’s Dividend Reinvestment Plan (the “Plan”) whereupon all distributions of income, capital gains or managed distributions (“Distributions”) are automatically reinvested in additional Common Shares. Common Stockholders who elect to not participate in the Plan will receive all distributions in cash paid by check in U.S. dollars mailed directly to the stockholders of record (or if the shares are held in street name or other nominee name, then the nominee) by the custodian, as dividend disbursing agent.

Computershare Shareowner Services (the “Agent”) serves as Agent for each Participant in administering the Plan. After the Fund declares a Distribution, if (1) the net asset value per Common Share is equal to or less than the market price per Common Share plus estimated brokerage commissions on the payment date for a Distribution, Participants will be issued Common Shares at the higher of net asset value per Common Share or 95% of the market price per Common Share on the payment date; or if (2) the net asset value per Common Share exceeds the market price plus estimated brokerage commissions on the payment date for a Distribution, the Agent shall apply the amount of such Distribution to purchase Common Shares on the open market and Participants will receive the equivalent in Common Shares valued at the weighted average market price (including brokerage commissions) determined as of the time of the purchase (generally, following the payment date of the Distribution). If, before the Agent has completed its purchases, the market price plus estimated brokerage commissions exceeds the net asset value of the Common Shares as of the payment date, the purchase price paid by the Agent may exceed the net asset value of the Common Shares, resulting in the acquisition of fewer Common Shares than if such Distribution had been paid in Common Shares issued by the Fund. If the Agent is unable to invest the full Distribution amount in purchases in the open market or if the market discount shifts to a market premium during the purchase period then the Agent may cease making purchases in the open market the instant the Agent is notified of a market premium and may invest the uninvested portion of the Distribution in newly issued Common Shares at the net asset value per Common Share at the close of business provided that, if the net asset value is less than or equal to 95% of the then current market price per Common Share, the dollar amount of the Distribution will be divided by 95% of the market price on the payment date. The Fund will not issue Common Shares under the Plan below net asset value.

There is no charge to Participants for reinvesting Distributions, except for certain brokerage commissions, as described below. The Agent’s fees for the handling of the reinvestment of Distributions will be paid by the Fund. There will be no brokerage commissions charged with respect to shares issued directly by the Fund. However, each Participant will pay a pro rata share of brokerage commissions incurred with respect to the Agent’s open market purchase in connection with the reinvestment of Distributions. The automatic reinvestment of Distributions will not relieve Participants of any federal income tax that may be payable on such Distributions.

The Fund reserves the right to amend or terminate the Plan upon 90 days’ written notice to Common Stockholders of the Fund.

Participants in the Plan may (i) request a certificate, (ii) request to sell their shares, or (iii) withdraw from the Plan upon written notice to the Agent or by telephone in accordance with the specific procedures and will receive certificates for whole Common Shares and cash for fractional Common Shares.

All correspondence concerning the Plan should be directed to the Agent, Computershare Shareowner Services, P.O. Box 30170, College Station, TX, 77842-3170. To receive a full copy of the Fund’s Dividend Reinvestment Plan, please contact the Agent at 1-866-228-4853.

November 30, 2020 (Unaudited)

The following information in this annual report is a summary of certain information about the Fund and changes since the last annual report dated February 5, 2020 (the "prior disclosure date"). This information may not reflect all of the changes that have occurred since you purchased shares of the Fund.

**Investment Objective.** The Fund's investment objective is total return.

**Principal Investment Strategies.**

The Fund seeks to produce both income and long-term capital appreciation by investing in a portfolio of equity and debt securities. Under normal market conditions, the Fund invests at least 80% of its total assets in common stocks, primarily domestic common stocks and secondarily in foreign common stocks denominated in foreign currencies; investments in common stocks may include, but are not limited to, investment companies whose objective is income, real estate investment trusts ("REITs"), and other dividend-paying common stocks. The portion of the Fund's assets that is not invested in common stocks may be invested in fixed income securities, cash equivalents and other income-producing securities. The Fund has no limitation on the amount of its assets that may be invested in securities which are not readily marketable or are subject to restrictions on resale. The Fund may not, as a matter of fundamental policy, invest in the securities of companies conducting their principal business activity in the same industry if, immediately after such investment, the value of its investments in such industry would exceed 25% of the value of its total assets.

The Fund is a "non-diversified" investment company, as defined in the Investment Company Act of 1940, as amended (the "1940 Act"), which means that it is permitted to invest its assets in a more limited number of issuers than "diversified" investment companies. A diversified company may not, with respect to 75% of its total assets, invest more than 5% of its total assets in the securities of any one issuer and may not own more than 10% of the outstanding voting securities of any one issuer. However, under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"), (A) not more than 25% of the Fund's total assets may be invested in securities of any one issuer (other than U.S. government securities and RICs) or of any two or more issuers controlled by the Fund which may be deemed to be engaged in the same, similar or related trades or businesses; and (B) with respect to 50% of the total value of the Fund's portfolio, (i) the Fund must limit to 5% the portion of its assets invested in the securities of a single issuer (other than U.S. government securities and RICs), and (ii) the Fund may not own more than 10% of the outstanding voting securities of any one issuer (other than U.S. government securities and RICs). The Fund intends to concentrate its common stock investments in a few issuers and to take large positions in those issuers, consistent with being a "non-diversified" fund. As a result, the Fund may be subject to a greater risk of loss than a diversified fund or a fund that has diversified its investments more broadly. Taking larger positions is also likely to increase the volatility of the Fund's NAV, reflecting fluctuation in the value of large Fund holdings.

Limitations on investments expressed in percentages are measured and are applicable only at the time of investment. They are not measured or applied on an ongoing basis. There is no requirement for the Fund to sell or change its portfolio investments resulting from changes in the valuations of such investments.

**Leverage**

Under normal market conditions, the Fund may utilize leverage through Borrowings (defined below) and the issuance of preferred shares (if any) in an amount that represents approximately 33 1/3% or less of the Fund's total assets, including proceeds from such Borrowings and issuances (or approximately 50% of the Fund's net assets). "Borrowings" are defined as: amounts received by the Fund pursuant to loans from banks or other financial institutions; amounts borrowed from banks or other parties using reverse repurchase agreements; or amounts received by the Fund from the Fund's issuance of any senior notes or similar debt securities. Other than with respect to

November 30, 2020 (Unaudited)

reverse repurchase agreements, Borrowings do not include trading practices or instruments that, according to the SEC or its staff, may cause senior securities concerns.

The Adviser is responsible for making recommendations to the Board regarding the Fund's use of Borrowings. On November 5, 2020 the Fund issued senior unsecured notes ("Notes") in an aggregate amount of \$225,000,000 in three fixed-rate series. The 10-, 12-, and 15-year series will pay interest semi-annually at the rate of 2.62%, 2.72%, and 2.87%, respectively. The Fund must experience a 2.72% rate of return in order to cover annual interest payments on the Notes. The Notes were issued in private placement offerings to institutional investors and are not listed on any exchange or automated quotation system. There can be no assurance that the use of leverage will be successful in enhancing the level of the Fund's total return.

### Effects of Leverage

The following table is furnished in response to requirements of the SEC. It is designed to illustrate the effect of leverage on Fund share total return, assuming investment portfolio total returns (comprised of income and changes in the value of securities held in the Fund's portfolio) of minus 10% to plus 10%. These assumed investment portfolio total returns are hypothetical figures and are not necessarily indicative of the investment portfolio total returns experienced or expected to be experienced by the Fund. Further, the assumed investment portfolio total returns are after (net of) all of the Fund's expenses other than expenses associated with leverage); but such leverage expenses are deducted when determining the Fund share total return. See "Risk Factors." The table further reflects the use of leverage representing 33 1/3% of the Fund's total assets and estimated leverage costs of 2.75%.

Assumed Portfolio Return	-10.00%	-5.00%	0.00%	5.00%	10.00%
Fund Share Total Return	-12.20%	-6.33%	-0.47%	5.39%	11.25%

Corresponding Fund Share total return is composed of two elements: Fund dividends paid by the Fund (the amount of which is largely determined by the Fund's net distributable income after paying interest or dividends on the Fund's leverage) and gains or losses on the value of the securities the Fund owns. As required by SEC rules, the table above assumes that the Fund is more likely to suffer capital losses than to enjoy capital appreciation. For example, to assume a total return of 0% would assume that the distributions the Fund receives on its investments are entirely offset by losses in the value of those securities.

### Risk Factors

Investment in the Fund may not be appropriate for all investors. The Fund is not intended to be a complete investment program and, due to the uncertainty inherent in all investments, there can be no assurance that the Fund will achieve its investment objectives. Investors should consider their long-term investment goals and financial needs when making an investment decision with respect to the Fund. An investment in the Fund is intended to be a long-term investment, and you should not view the Fund as a trading vehicle. Your shares at any point in time may be worth less than your original investment, even after taking into account the reinvestment of Fund dividends and distributions, if applicable.

*Investments in Common Stocks.* The Fund intends to invest, under normal market conditions, at least 80% of its total assets in publicly traded common stocks. Common stocks generally have greater risk exposure and reward potential over time than bonds. The volatility of common stock prices has historically been greater than bonds, and as the Fund invests primarily in common stocks, the Fund's NAV may also be volatile. Further, because the time horizon for the Fund's investments in common stock is longer, the time necessary for the Fund to achieve its objective of total return will likely be longer than for a fund that invests solely for income.

November 30, 2020 (Unaudited)

**Fixed Income Securities.** The Fund may invest in fixed income securities from time to time. Fixed income securities are affected by changes in interest rates and credit quality. A rise in interest rates typically causes bond prices to fall. The longer the average maturity of the bonds held by a Fund, the more sensitive the Fund is likely to be to interest-rate changes. There is the possibility that the issuer of the security will not repay all or a portion of the principal borrowed and will not make all interest payments.

**Non-Diversified Status Risk.** The Fund is classified as “non-diversified” under the 1940 Act. As a result, it can invest a greater portion of its assets in securities of a single issuer than a “diversified” fund. The Fund will therefore be more susceptible than a diversified fund to being adversely affected by any single corporate, economic, political or regulatory occurrence. The Fund intends to diversify its investments to the extent necessary to qualify, and maintain its status, as a regulated investment company under U.S. federal income tax laws.

**Issuer Focus Risk.** The Fund may hold significant positions in a few issuers. Taking larger positions is likely to increase the volatility of the Fund’s NAV, reflecting fluctuation in the value of large Fund holdings. In addition, both the Code and 1940 Act allow positions in single issuers to exceed statutory diversification thresholds if the excess occurs as a result of market variations. In such cases, the Fund may continue to hold such excess positions for the sake of tax efficiency. Thus, in such circumstances, the Fund may be even more susceptible to being adversely affected by any corporate, economic, political or regulatory occurrence affecting issuer positions which exceed such thresholds. Note that the risk described here is distinct from the risk of concentration as the term is generally understood under the 1940 Act, which refers whether a particular fund invests in excess of 25% of its total assets in issuers within the same industry or group of industries. As a matter of fundamental policy, the Fund may not invest in the securities of companies conducting their principal business activity in the same industry if, immediately after such investment, the value of its investments in such industry would exceed 25% of the value of its total assets.

**Investments in Mid- and Small-cap Securities.** The Fund may invest in small- and mid-cap companies from time to time. Generally, small-cap stocks are those securities issued by companies with a total market capitalization of between \$250 million to \$2 billion, and mid-cap stocks are those securities issued by companies with a total market capitalization of between \$2 billion to \$10 billion. Small- and mid-cap stocks in which the Fund may invest may present greater opportunities for capital growth than larger companies, but also may be more volatile and subject to greater risk. The small- and mid-cap stocks in which the Fund may invest may present greater opportunities for capital growth than larger companies, but also may be more volatile and subject to greater risk. This is because smaller companies generally may have limited financial resources, product lines and markets, and their securities may trade less frequently and in more limited volumes than the securities of larger companies, which could lead to higher transaction costs and reduced returns to holders of these securities, including potentially the Fund. In addition, there may be less publicly available information about smaller companies which can also lead to higher risk in terms of arriving at an accurate valuation for these smaller companies.

**Leveraging Risk.** The Fund currently uses leverage. Use of leverage may have a number of adverse effects on the Fund and its stockholders including without limitation: (i) leverage may magnify market fluctuations in the Fund’s underlying holdings thus causing a disproportionate change in the Fund’s NAV; and (ii) the Fund’s cost of leverage may exceed the return on the underlying securities acquired with the proceeds of the leverage, thereby diminishing rather than enhancing the return to stockholders and generally making the Fund’s total return to stockholders more volatile.

**Discount From NAV.** The common stock of closed-end funds frequently trades at market prices less than the value of the net assets attributable to those shares (a “discount”). The possibility that the Fund’s shares will trade at a discount from NAV is a risk separate and distinct from the risk that

November 30, 2020 (Unaudited)

the Fund's NAV will decrease. The risk of purchasing shares of a closed-end fund that might trade at a discount is more pronounced for investors who wish to sell their shares in a relatively short period of time because, for those investors, realization of a gain or loss on their investments is likely to be more dependent upon the existence of a premium or discount than upon portfolio performance.

**Repurchase of the Shares.** The Fund is authorized to repurchase shares on the open market when the shares are trading at a discount from NAV per share as determined by the Board from time to time. Any acquisition of shares by the Fund will decrease the total assets of the Fund and, therefore, have the effect of increasing the Fund's expense ratio and may adversely affect the ability of the Fund to achieve its investment objective.

**Issuer Risk.** The value of the Fund's portfolio may decline for a number of reasons directly related to the issuers of the securities in the portfolio, such as management performance, financial leverage and reduced demand for an issuer's goods and services.

**Inflation Risk.** Inflation risk is the risk that the value of assets or income from investments will be worth less in the future as inflation decreases the value of money. As inflation increases, the real value of the Fund's portfolio can decline.

**Foreign Securities Risk.** The Fund is permitted to invest in foreign securities without limitation. Investment in non-U.S. issuers may involve unique risks compared to investing in securities of U.S. issuers. These risks are more pronounced to the extent that the Fund invests a significant portion of its non-U.S. investments in one region or in the securities of emerging market issuers.

**Currency Risk.** The Fund holds investments in foreign securities and thus a portion of the Fund's assets may be quoted or denominated in non-U.S. currencies. These securities may be adversely affected by fluctuations in relative currency exchange rates and by exchange control regulations. The Fund's investment performance may be negatively affected by a devaluation of a currency in which the Fund's investments are quoted or denominated. Further, the Fund's investment performance may be significantly affected, either positively or negatively, by currency exchange rates because the U.S. dollar value of securities quoted or denominated in another currency will increase or decrease in response to changes in the value of such currency in relation to the U.S. dollar.

**Sovereign Debt Risk.** An investment in debt obligations of non-U.S. governments and their political subdivisions ("sovereign debt") involves special risks that are not present in corporate debt obligations. The non-U.S. issuer of the sovereign debt or the non-U.S. governmental authorities that control the repayment of the debt may be unable or unwilling to repay principal or interest when due, and the Fund may have limited recourse in the event of a default. During periods of economic uncertainty, the market prices of sovereign debt may be more volatile than prices of debt obligations of U.S. issuers.

**Investments in Registered Investment Companies.** The Fund may invest in securities issued by other registered investment companies subject to such limitations, restrictions and conditions as imposed by Federal law. Accordingly, the Fund will be subject to the particular risks associated with investing in other funds that are separate from risks associated with the underlying investments held by such registered investment companies. Both the Fund and any registered investment companies in which it invests pay management fees. In addition, the registered investment companies in which the Fund invests will typically incur other operating expenses that are borne by their investors, including the Fund. As a result, Fund stockholders will bear not only the Fund's management fees and operating expenses, but also the fees and expenses of the registered investment companies in which the Fund invests. Investors would bear less expense if they invested directly in the underlying registered investment companies in which the Fund

November 30, 2020 (Unaudited)

invests. The Fund may also invest in registered investment companies that are not limited in their portfolio trading activity and thus may experience high portfolio turnover rates. Higher turnover rates generally result in correspondingly greater brokerage commissions and other transactional expenses which may be borne by the Fund, directly or through its investment in registered investment companies.

**Liquidity Risk.** Although the Fund invests primarily in securities traded on national exchanges, it may invest in less liquid assets from time to time that are not readily marketable and may be subject to restrictions on resale. Illiquid securities may be more difficult to value or may impair the Fund's ability to realize the full value of its assets in the event of a voluntary or involuntary liquidation of such assets and thus may cause a decline in the Fund's NAV. The Fund is not limited in the amount of its assets that may be invested in securities which are not readily marketable or are subject to restrictions on resale, although it may not invest more than 30% of the value of its total assets in securities which have been acquired through private placement. In certain situations, the Fund could find it more difficult to sell such securities at times, in amounts and at prices they consider reasonable.

**Derivatives Risk.** The Fund's use of derivative instruments (such as options, futures and swaps) could produce disproportionate gains or losses, more than the principal amount invested. Investing in derivative instruments involves risks different from, or possibly greater than, the risks associated with investing directly in securities and other traditional investments (including, for example, risks associated with the creditworthiness of counterparties). The Fund may also be indirectly exposed to derivatives risk through an underlying fund's use of such instruments. Under certain market conditions, derivatives may become harder to value or sell at a fair price, and may thus entail liquidity risks.

**Anti-Takeover Risk.** The Fund's constituent documents, as amended, include provisions that could limit the ability of other entities or persons to acquire control of the Fund or to change the composition of its Board. Such provisions could limit the ability of stockholders to sell their shares at a premium over prevailing market prices by discouraging a third party from seeking to obtain control of the Fund. These provisions include, for example, mechanisms governing the consideration of certain matters at stockholder meetings and special voting requirements for the approval of certain transactions. The Fund's Board is also "classified," which means that membership of the Board is divided into separate classes, each class serving staggered terms. Finally, the Horejsi Affiliates (as defined below) will continue to own a substantial portion of the Fund's common shares and thus may discourage a third party from seeking to obtain control of the Fund. Such structures and share ownership may have the overall effect of making any hostile attempt to take control of the Fund through a proxy contest more difficult.

**Market Disruption Risk.** The Fund is subject to investment and operational risks associated with financial, economic and other global market developments and disruptions, including the recent spread of an infectious respiratory illness caused by a novel strain of coronavirus (known as COVID-19), which can negatively impact the securities markets and cause a Fund to lose value.

The spread of COVID-19 has caused volatility, severe market dislocations and liquidity constraints in many markets, including markets for the securities the Fund holds, and may adversely affect the Fund's investments and operations. The transmission of COVID-19 and efforts to contain its spread have resulted in travel restrictions and disruptions, closed international borders, enhanced health screenings at ports of entry and elsewhere, disruption of and delays in healthcare service preparation and delivery, quarantines, event and service cancellations or interruptions, disruptions to business operations and supply chains, and a reduction in consumer and business spending, as well as general concern and uncertainty that has negatively affected the economy. These disruptions have led to instability in the market place and the jobs market. The impact of COVID-19 could adversely affect the economies of many nations or the entire global economy, the financial

November 30, 2020 (Unaudited)

well-being and performance of individual issuers, borrowers and sectors and the health of the markets generally in potentially significant and unforeseen ways.

The foregoing could lead to a significant economic downturn or recession, increased market volatility, a greater number of market closures, higher default rates and adverse effects on the values and liquidity of the Fund's securities or other assets. Such impacts may adversely affect the performance of the Fund.

**Cybersecurity Risk.** In connection with the increased use of technologies such as the Internet and the dependence on computer systems to perform necessary business functions, the Fund is susceptible to operational, information security, and related risks due to the possibility of cyber-attacks or other incidents. Cyber incidents may result from deliberate attacks or unintentional events. Cyber-attacks include, but are not limited to, infection by computer viruses or other malicious software code, gaining unauthorized access to systems, networks, or devices that are used to service the Fund's operations through hacking or other means for the purpose of misappropriating assets or sensitive information, corrupting data, or causing operational disruption. Cyber-attacks may also be carried out in a manner that does not require gaining unauthorized access, such as causing denial-of-service attacks (which can make a website unavailable) on the Fund's website. In addition, authorized persons could inadvertently or intentionally release confidential or proprietary information stored on a Fund's systems.

Cyber security failures or breaches by the Fund's service providers (including, but not limited to, the adviser, distributor, custodian, transfer agent, financial intermediaries, and sub-adviser) may cause disruptions and impact the service providers' and the Fund's business operations, potentially resulting in financial losses, the inability of Fund shareholders to transact business and the Fund to process transactions, inability to calculate the Fund's net asset value, violations of applicable privacy and other laws, regulatory fines, penalties, reputational damage, reimbursement or other compensation costs, and/or additional compliance costs. The Fund and its shareholders could be negatively impacted as a result of successful cyber-attacks against, or security breakdowns of, the Fund or its third party service providers.

The Fund may incur substantial costs to prevent or address cyber incidents in the future. In addition, there is a possibility that certain risks have not been adequately identified or prepared for. Furthermore, the Fund cannot directly control any cyber security plans and systems put in place by third party service providers. Cyber security risks are also present for issuers of securities in which the Fund invests, which could result in material adverse consequences for such issuers, and may cause the Fund's investment in such securities to lose value.

### **Fundamental Investment Restrictions**

The following investment restrictions of the Fund are designated as fundamental policies and as such cannot be changed without the approval of the holders of a majority of the Fund's outstanding voting securities, which as used in this annual report means the lesser of (a) 67% of the shares of the Fund present or represented by proxy at a meeting if the holders of more than 50% of the outstanding shares are present or represented at the meeting or (b) more than 50% of outstanding shares of the Fund. As a matter of fundamental policy the Fund may not:

- (1) Issue any senior securities except as permitted under the 1940 Act.
- (2) Invest in the securities of companies conducting their principal business activity in the same industry if, immediately after such investment, the value of its investments in such industry would exceed 25% of the value of its total assets.
- (3) Participate on a joint or a joint and several basis in any trading account in securities, except that the Fund may, to the extent permitted by rules, regulations or orders of the Securities and Exchange Commission (the "SEC"), combine orders with others for the purchases and sales of securities in order to achieve the best overall execution.

November 30, 2020 (Unaudited)

- (4) Purchase or sell interests in oil, gas or other mineral exploration or development programs.
- (5) Purchase or sell real estate, except that the Fund may purchase or sell interests in REITs and securities secured by real estate or interests therein issued by companies owning real estate or interest therein.
- (6) Purchase or sell commodities or commodity contracts.
- (7) Make loans other than through the purchase of debt securities in private placements and the loaning of portfolio securities.
- (8) Borrow money in an amount exceeding the maximum permitted under the 1940 Act.
- (9) Underwrite securities of other issuers, except insofar as it may be deemed to be an underwriter in selling a portfolio security which may require registration under the Securities Act of 1933, as amended (the "Securities Act").
- (10) Invest more than 30% of the value of its total assets in securities which have been acquired through private placements.
- (11) Purchase or retain the securities of any issuer, if, to the Fund's knowledge, those officers and directors of the Fund or its investment advisers who individually own beneficially more than 1/2 of 1% of the outstanding securities of such issuer, together own beneficially more than 5% of such outstanding securities.
- (12) Pledge, mortgage or hypothecate its assets except in connection with permitted borrowing and to the extent related to transactions in which the Fund is authorized to engage.

#### **Portfolio Manager Information**

Since the prior disclosure date, there have been no changes in the Fund's portfolio managers or background.

#### **Fund Organizational Structure**

Since the prior disclosure date, there have been no changes in the Fund's charter or by-laws that would delay or prevent a change of control of the Fund that have not been approved by stockholders.

*Investment Officer of RMA.*

- <sup>(4)</sup> *Mr. Miller is considered an “interested person” by virtue of being Chief Legal Officer and Chief Legal Officer of RMA.*
- <sup>(5)</sup> *The term “Fund Complex” means two or more registered investment companies that:*
- *hold themselves out to investors as related companies for purposes of investment and investor services; or*
  - *have a common investment adviser or that have an investment adviser that is an affiliated person of the investment adviser of any of the other registered investment companies.*
- <sup>(6)</sup> *From 2017 until 2018, Mr. Looney served as a trustee to the Elevation ETF Trust, and during that period, AAI served as an adviser to the Trust. Prior to the date that AAI became the adviser to the fund, the Elevation ETF trust ceased operations. Accordingly, the fund complex for Mr. Looney includes only the fund.*

## OFFICERS

Information on each of the Fund’s executive officers is provided below. Each officer was elected or re-elected to office by the Board at a meeting held on February 6, 2020. Unless otherwise specified, the officers’ respective addresses are: 1290 Broadway, Suite 1000, Denver, CO 80203.

<b>Name and Age</b>	<b>Officer Position(s) Held with Fund</b>	<b>Term of Office<sup>(1)</sup> and Length of Time Served</b>	<b>Principal Occupation(s) During Past 5 Years</b>
Joel Looney Birth year: 1961	President	President since 2018	See information provided previously under the section titled “Interested Directors.”
Cara Owen Birth year: 1981	Vice President and Secretary	Since 2020	Ms. Owen serves as Vice President and Principal Legal Counsel, ALPS Fund Services, Inc. since August, 2019. She also serves as Assistant Secretary of ALPS ETF Trust and the James Advantage Funds. Prior to joining ALPS, she served as Senior Counsel, Corporate and Investments at Great-West Life & Annuity Insurance Company and Senior Counsel and Assistant Secretary at Great-West Funds, Inc., Great-West Capital Management, LLC, Great-West Trust Company, LLC, and Advised Assets Group, LLC from 2014-2019.
Kathryn Burns Birth year: 1976	Treasurer	Since 2018	Ms. Burns serves as Vice President, Director of Fund Operations of AAI since 2018. From 2013 to 2018, she served as Vice President and Fund Controller at ALPS Fund Services. Prior to joining ALPS, she worked at Old Mutual Capital where she served as Vice President and Chief Compliance Officer (2010 to 2012) and Regulatory Reporting Manager and Assistant Treasurer to the Old Mutual Funds Trusts (2006 to 2012). She also served as a CPA for PricewaterhouseCoopers LLP. Ms. Burns is also Treasurer of ALPS ETF Trust and serves as President of ALPS Variable Investment Trust, Principal Real Estate Income Fund and RiverNorth Opportunities Fund, Inc.

November 30, 2020 (Unaudited)

## OFFICERS (continued)

<b>Name and Age</b>	<b>Officer Position(s) Held with Fund</b>	<b>Term of Office<sup>(1)</sup> and Length of Time Served</b>	<b>Principal Occupation(s) During Past 5 Years</b>
Theodore Uhl Birth year: 1974	Chief Compliance Officer	Since 2015	Mr. Uhl serves as Deputy Compliance Officer of ALPS Fund Services, Inc. since 2010. He was Senior Risk Manager of ALPS from 2006 until June 2010. Prior to ALPS, he served as Sr. Analyst with Enenbach and Associates (RIA), and Sr. Financial Analyst at Sprint. He also serves as Chief Compliance Officer for the XAI Octagon Floating Rate & Alternative Income Term Trust (since 2017), Reaves Utility Income Fund (since 2016), Financial Investors Trust (since 2010), Reality Shares Trust (since 2015), and the Centre Funds (since 2011).
Ryan Johanson Birth Year: 1982	Assistant Treasurer	Since 2018	Mr. Johanson has served as Fund Controller for ALPS since July 2016, and previously served in other roles at ALPS including as a Financial Reporting Manager from 2014 to 2016; a Financial Reporting Supervisor, 2012 to 2014. Prior to joining ALPS, he was a Consultant for PricewaterhouseCoopers, LLP (Audit Senior) from 2011 –2012, and Audit Supervisor at The Siegfried Group from 2010-2011, and as an auditor from 2006-2009 at Spicer Jeffries LLP.

<sup>(1)</sup> *Officers are elected annually and each officer will hold such office until a successor has been elected by the Board.*
